

We're DMC.

All the software, equipment and technical support you need.

DMC
Dentists Management Corporation

dmcdental.com

**Is it time to see
what you've been
missing?**

We provide superior diagnostic imaging solutions that are just right for your specialty.

- ▶ Intra-oral digital sensors
- ▶ Intra-oral cameras
- ▶ X-ray tube heads
- ▶ Digital panoramic and cephalometric systems
- ▶ VATECH PaX-i 2D digital pans and 3D cone beam systems

Our support goes above and beyond

Every purchase includes professional installation by factory-trained technicians with matching labor warranty and technical support.

VATECH PaX-i 3D Green panoramic and cone beam system

Sharper images. Accurate diagnoses. Every time.

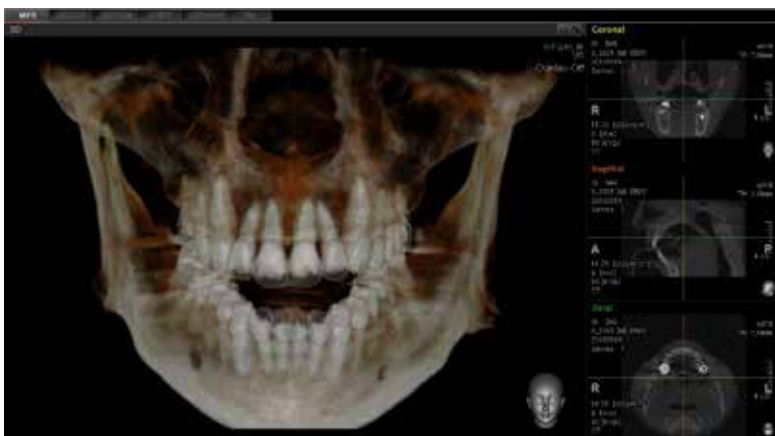

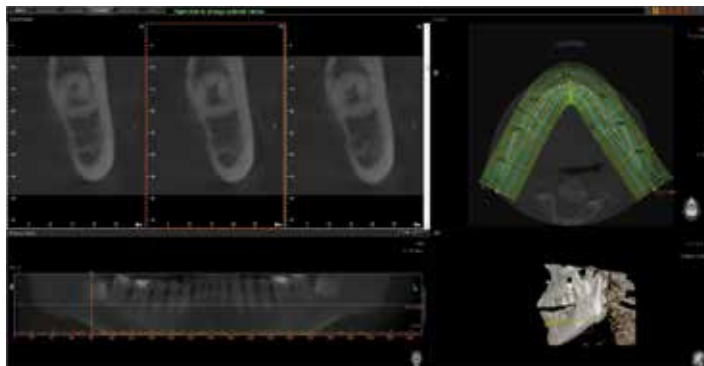

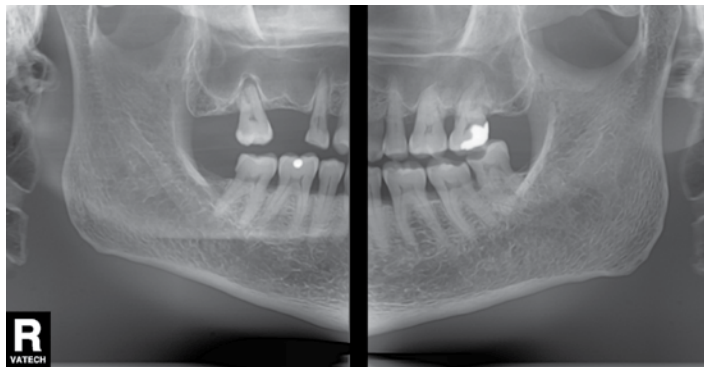

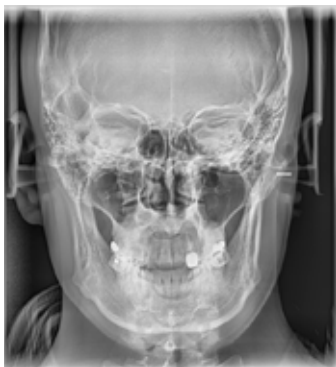

- ▶ Superior image quality
- ▶ Ultra-low-dose X-ray technology, short scan time
- ▶ Wide range of field-of-view options: 5x5 to 16x10 cm
- ▶ Optimal FOV for precise diagnosis and reduced patient exposure
- ▶ Available with cephalometric option

We offer flexible in-house financing

We have a deferred payment plan with no interest and no payments for up to 90 days. Ask us for details about new dentist financing.

For more information, please contact Jody Blakely at 503-952-5234 or jody.blakely@dmcidental.com.

Providing safer low-radiation scans with the latest advances in X-ray imaging technology, the PaX-i 3D Green is putting patient safety first while satisfying the clinician's need for accurate diagnostic images.

See for yourself why our clients love us

Call Rebecca Lanxon at 503-952-5237 or rebecca.lanxon@dmcidental.com to see how DMC can help you run an efficient and profitable practice.

“ DMC has done an impressive job designing software built with dentists’ best interests in mind. DAISY practice management software has controls that help to detect embezzlement, and most importantly, minimize the likelihood of it occurring in the first place. That gives dentists greater peace of mind.

Kristi Harris, CPA, Portland, OR

I have used DAISY practice management software to simplify my billing and insurance processing for over 25 years. Now I use their charting modules to allow me to be a completely digital operation. Their support and value has been superb. I’d give them my highest recommendation.

*Timothy Thompson,
D.M.D., Twin Falls, ID*

Still using Server 2003 or Windows XP?

Windows XP is no longer supported by Microsoft. This places your valuable patient data at risk! Security is essential for you and your practice.

Call us to create a customized plan to upgrade your practice’s computers so you don’t lose any data or productivity.

We sell and support:

- ▶ Servers
- ▶ Workstations
- ▶ Monitors
- ▶ Laptops
- ▶ Tablets
- ▶ Printers and scanners
- ▶ Installation and custom network configurations
- ▶ Local on-site technical support

Contact Kristin Ford to schedule a free in-office technology assessment at 503-243-3966 or kristin.ford@dmcidental.com.

Ask us about our “Try before you buy” offer — with no financial commitment

**When you invest in your practice, it's important
to know exactly what you're getting.**

Try out a new sensor, panoramic or other technology in your office, with your staff, for up to two weeks with no financial commitment. Then decide if you want to purchase.

For more information, please contact Jody Blakely at 503-952-5234 or jody.blakely@dmcdental.com.
